

Prescription Ordering Direct (POD)

Only order the items you need,
when you need them.

We can check if your medication is
due to order if you are unsure.

Order when you have
7 days remaining.

This prevents your medication
stock-piling.

Do your medications run out on
different dates?

Ask us about 'syncing' your
prescription. We can fix this for you.

POD is now contactable via email at shropshire.pod@nhs.net

If you would like to order via email, please include the following information in your request;

- You medical practice:
- Your full name:
- Your date of birth:
- First line of address:
- The medication you require*:

*Including strengths and formulation of medication

If you are ordering on behalf of someone
else, please provide all of the required
information and also;

- Your name:
- Your relationship to the patient:

Which items
do you need
today?

You may send your prescription requests any time or day of the week. POD will process your order within 24 hours during our opening times and send you a confirmation email. Once processed, please allow 2 working days for authorisation, and a further 2 working days to be dispensed.
